HR

PRIMJENA:

- U industriji namještaja (madraca, garnitura za sjedenje, kreveta, jastuka)
- Izrada na automatskim CNC strojevima.
- Primjena visokokvalitetnih opružnih materijala, pojačane čvrstoće.
- Velika mogućnost kombiniranja dimenzija i specijalnih formi.
- Kombinacija raznih tvrdoća i nosivosti
- Višezonske izvedbe
- Termička stabilizacija opruga i mehanička stabilizacija jezgre

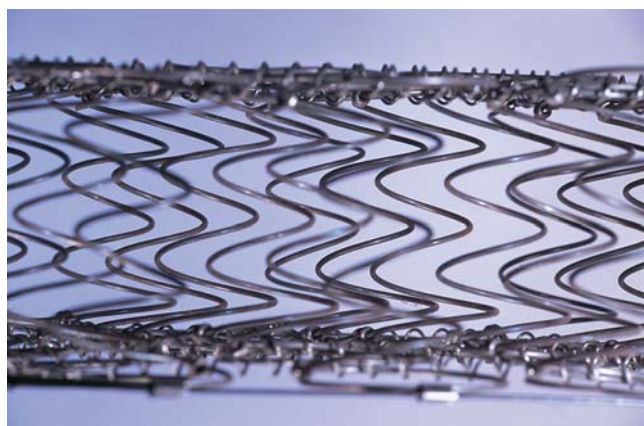

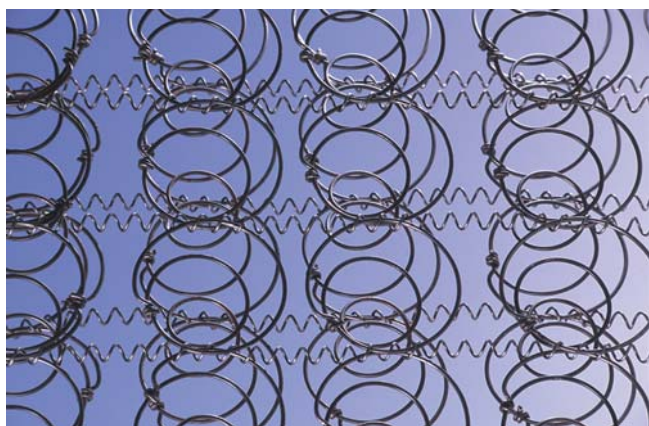

D ANWENDUNG:

- In der Möbelindustrie (Matratzen, Sitzgarnituren, Betten, Kissen)
- Herstellung auf automatischen CNC Maschinen
- Anwendung der Hochqualitäts Federmaterialien mit einer verstärkten Festigkeit.
- Grosse Möglichkeiten der Kombination von Dimensionen und speziellen Formen
- Kombination von verschiedenen Festigkeiten und Tragfähigkeiten
- Mehrzonenausführungen
- Termische Stabilisation der Federn und mechanische Stabilisation des Kerns

GB

USAGE:

- In furniture industry (mattresses, seating sets, beds, pillows).
- Made on automatic CNC machines.
- Use of high quality spring materials, reinforced toughness.
- Great possibilities of combining dimensions and special forms.
- Combinations of various toughness and capacity levels.
- Multi-zoned manufacture.
- Thermal stability of springs and mechanical stability of cores.

HR NOSIVOST / TVRDOĆA:

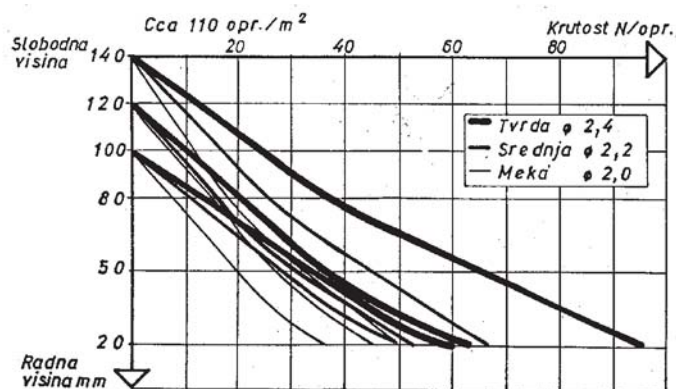

- Moguće sve kombinacije nosivosti i visina tapeta.
- Kombinira se izbor materijala i gustoća (raspored) opruga
- Višezonske kombinacije

D TRAGFÄHIGKEIT / FESTIGKEIT:

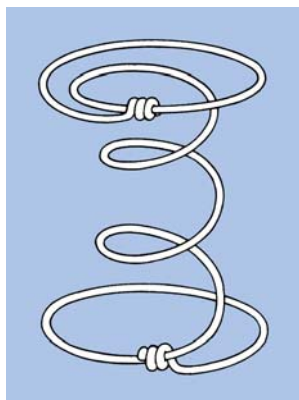

- möglich sind alle Kombinationen der Tragfähigkeit und Tapetenhöhe
- Kombiniert wird die Stoffwahl und die Dichte (die Anordnung) der Federn
- Mehrzonenkombinationen

GB CAPACITY / TOUGHNESS:

- All combinations of capacities or upholstery height
- Choice of materials and spring thickness arrangement is varied
- Multi-zoned combinations

Dimenzije • Dimensionen • Dimensions

MATERIJAL: 2,0; 2,10; 2,20;2,40; 2,50

DUŽINE: Do 2200 mm (do 27 redi)

ŠIRINE: Do 1750 mm (do 17 redi) (veće širine uz posebno spajanje)

RAME: 10 x 1,3 (10 x 1,60 mm), s jednom, dvije ili bez rame

MATERIAL: 2,0; 2,10; 2,20;2,40; 2,50

LÄNGEN: Bis 2200 mm (bis 27 Reihen)

BREITEN: Bis 1750 mm (bis 17 Reihen) grössere Breiten mit einer besonderen Verkopplung

RAHMEN: 10 x 1,3 (10 x 1,60 mm), mit einem, zwei oder ohne Rahmen

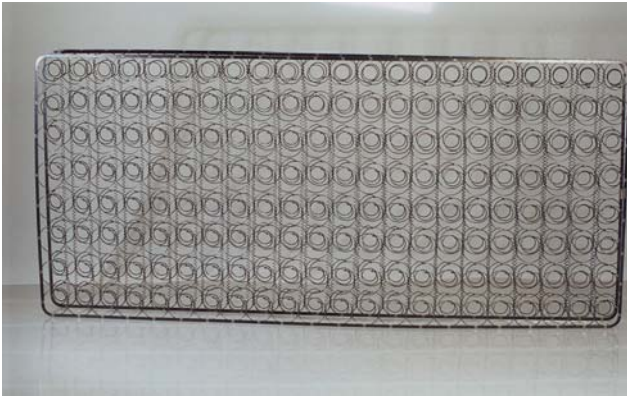

MATERIAL: 2,0; 2,10; 2,20;2,40; 2,50

LENGTHS: Up to 2200 mm (up to 27 rows)

WIDTHS: Up to 1750 mm (up to 17 rows) (greater widths with special linking)

FRAMES: 10 x 1,3 (10 x 1,60 mm), with one, two, or no frame

Sistem Bonnell • Bonnellfederkerne • The Bonnell spring core

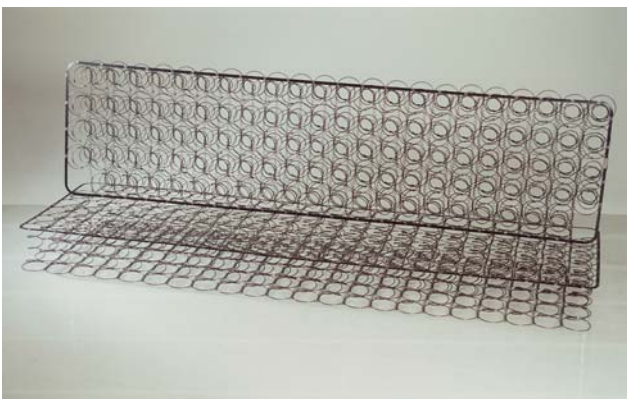

- madraci, dječji madraci, kreveti, francuski kreveti
- Matratzen, Kindermatratzen, Betten, Doppelbettenmatratzen
- mattresses, children's mattresses, beds, French beds

HR KVALITETA:
Reference poznatih proizvođača madraca i kreveta. Ispitano u Euro-inspekt institutu. Visoka dinamička kvaliteta (visoki vijek trajanja. bez promjene na obliku i dimenziji jezgre).

D QUALITÄT:
Empfehlungen von bekannten Matratzen- und Bettenherstellern. In Euro-inspekt geprüft. Hohe dynamische Qualität (lange Dauerhaftigkeit, ohne eine Veränderung in Form und Dimension des Kerns).

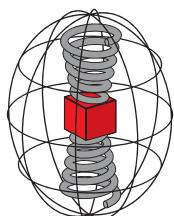

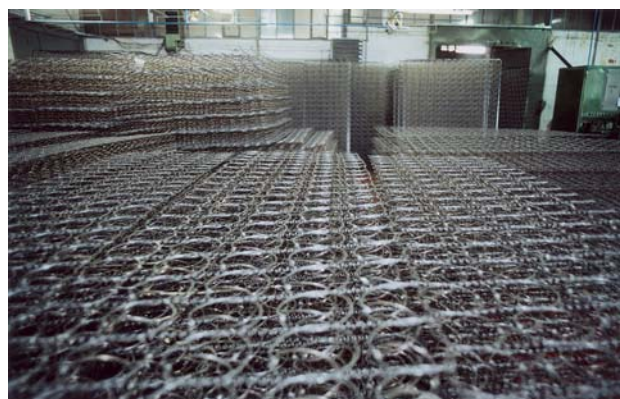

GB QUALITY:
References of well known mattress and bed manufacturers. Tested by Euro-inspekt. High dynamic quality (long lasting springs without any change to shape or dimensions).

HR PAKIRANJE:
Roll-pack sistemom u Kraft papir po 5, 10, 20 ili 50 kom (zavisno od dimenzije)

D VERPACKUNG:
Roll-pack System in Kraft Papier je 5, 10, 20 oder 50 Stuck (abhängig von der Dimension).

GB PACKING:
Roll-pack system in Kraft paper. 5, 10, 20, or 50 pcs (depending on dimensions)
